

Dear Parents,

Re Fees 2010-11

As mentioned in my newsletter, I am writing to you about fees for the coming academic year, 2010-11. At the Board meeting two weeks ago the fees were discussed and there were then two follow up meetings before I could confirm what the fees are going to be. The Board also determined that they wish to move to an annual review of the fees and that any fee increase will need to take into account inflation, government funding levels, historical levels and any new projects that have been undertaken. As you are aware the vast majority of the parental fee is spent on staff and making sure that our staff: student ratio remains a supportive one. If any parent would like to discuss how the fees are being distributed please do not hesitate to contact me and come in to meet me.

There were two other issues which are not described below –

1. The Board determined to give warning that in one year's time they intend to introduce a differential fee for the IB Diploma years i.e. Yr. 12 and 13. This fee is yet to be determined but will be more than the current Secondary fee.
2. There was a discussion about whether or not the College could offer a discount to parents with more than two (or three) students in the College. The Board felt that it was not in a position for next year to offer a discount on this basis but was prepared to reconsider the position for the future.

Pre- School

As from September 1st 2010 the pre-school will be charged on a per morning per month basis over 10 months of the year. The fee for one morning will be **Euros 90.00** per month. This fee reserves a place within the pre-school on a fixed monthly basis.

Primary

As discussed last year and indicated in newsletters etc the fee from September 1st 2010 will be **Euros 4000** per annum payable over 10 months or shorter as you determine.

Secondary

As from September 1st 2010 the fee will be **Euros 6500** per annum also payable over 10 months or shorter as you determine

Discounts

A discount, of 3%, is available for Primary and Secondary fees for those parents who wish to pay the full amount before the 30th of September 2010.

Admissions Fee

As from September 1st 2010 the admissions fee for new enrolments will be changed. There will be one admission for entry to the College as a whole. Charging an admission fee to join the primary will not be followed by a second fee for entry to the Secondary school. The fee for admissions has been set at Euros 500. The pre-school will charge euro 150 and then if the student moves on into Primary an additional euro 350 will be charged. This fee will not come into place until the 1st of September so if you wish to enrol a student under the current system then please contact the College.

Pre-school	Euros 150
Primary, if coming from the pre-school	Euros 350
College, primary or secondary	Euros 500

Should you wish to discuss this with me please do not hesitate to contact me.

Yours

A.G.F. Fisher

Head of College
